

Jabra Pro 900 Series
Wireless Headset

The Pro 900 Series is an easy to use, professional wireless headset with great sound making it ideal for contact center agents and customer service advisors.

Stay connected to your customers around the office
Take calls from the desk phone directly on the headset. Available in DECT and Bluetooth® versions, with several mono and duo[1] variants for both desk phones and softphones.

Enjoy clear sounding calls and user safety
With HD voice, noise-reducing speakers and a noise cancelling microphone, you can hold lifelike, vibrant conversations. Jabra SafeTone™ enhanced hearing protection technology limits average volume exposure during your working day to keep it within acoustic standards.

Catch customer calls all day
Walk and talk up to 120 meters/395 feet[1] away from your desk for improved collaboration, multi-tasking and productivity. The Pro 900 delivers a minimum of 8 hours battery life with easy charging via the base unit.

Intuitive design for fast user adoption
This plug and play headset comes with a pre-connected charging base so you can make calls straight away. The lightweight frame, leatherette ear cushions and adjustable headband and microphone boom ensure the headset is comfortable all day long.

Works with desk phone, softphone, tablet and smartphone[1]

Jabra Pro 900 Series - Features

Crystal clear sound
Digital Signal Processing for clearer sound
Clear sound is essential for a good conversation not to mention call efficiency and accuracy. Digital Signal Processing (DSP) in Jabra audio devices will remove background noise and echo as well as protect the user against sudden high peaks in volume. Call handling time and potential misunderstandings are significantly reduced.

Remote Call Control
Seamless integration between your phone and headset
Answer and end calls on the Jabra audio device with seamless integration between your phone and headset. The remote call control gives you the power to multitask and be productive. With a Jabra wireless audio device you can control your call even when you are away from your desk.

HD Voice – Wideband audio
High quality audio for crystal clear conversations
Enjoy high-definition sound with HD Voice and get crystal clear, intelligible communication. You get life-like, vibrant conversations where you can focus on the content and don't have to struggle to understand what the person on the other end of the line is saying.

SafeTone™
Enhanced hearing protection
Jabra SafeTone™ includes Jabra PeakStop™ and Jabra IntelliTone™, the enhanced hearing protection technology. Benefit from clear, crisp and automatic limitation of average volume exposure during your workday according to acoustic standards and regulations. A feature that offers you significant confidence, safety and comfort while enhancing the quality of your communication.

Noise canceling microphone
Reduces unwanted background noise
Noise Canceling microphones reduce unwanted background noise and are ideal in crowded and noisy, open office environments.

Talk in comfort
Be kind to your ears
Assure total comfort with a wide range of styles that match your individual needs and personal fit requirements. Our light, ergonomically designed frames along with leatherette ear cushions, adjustable headbands and microphone boom will guarantee that your headset will be comfortable all day long.

Bluetooth® models - Specific features

100 meter/330 feet wireless freedom
Hands-free communication up to 100 meters/330 feet
Featuring Bluetooth® Class 1, your Jabra device enables you to connect to a vast range of devices from smart phones and tablets to laptop computers. You get a wireless mobility up to 100 meters/330 feet giving you full control of your hands-free Jabra voice solutions. You can call and multitask on your terms.

Tap-To-Connect
Connects devices with a simple touch
Near Field Communication technology (NFC) makes it easy for your Jabra device to instantly connect and interact with phones, tablets, and interactive tags. It requires no more than a simple touch. Just tap the phone and the Jabra device together and you are ready to talk or stream your music.

12-hour battery life
Talk up to 12 hours with no battery life concerns
A wireless audio device would not be a useful tool without an incredible battery life. Even with so much performance packed into such a small space, it still lasts up to 12 hours on a single charge. So you can talk and work as long as you want.

Dual connectivity
Manage all your calls from one single headset
Dual connectivity technology lets you manage phone calls from several different audio devices, with one single headset. You get greater flexibility and enhanced user experience.

Dect models - Specific features

120 meter/395 feet wireless freedom
Hands-free communication up to 120 meters/395 feet
Get wireless mobility up to 120 meters/395 feet to fully control your Jabra hands-free solution with DECT technology.
Answer calls, multitask and move freely around on your terms.

8-hour battery life
Talk up to 8 hours with no battery life concerns
A wireless audio device would not be a useful tool without an incredible battery life. Even with so much performance packed into such a small space, it still lasts up to 8 hours on a single charge.
So you can talk and work as long as you want.

Jabra Pro 930/935 - Specific features

UC Plug-And-Play
Plug-and-play with all leading UC platforms
Jabra devices feature intuitive call control and seamless connection to all leading UC applications and softphones. They are easy to set up and easy to use, leaving you free from any installation expertise or extensive training requirement.
